On the evening of July 16th the pretension of the fitch of bacon took place at Dunmore, England. The fitch at the disposal of any couple who were that they have lived together in unbroken fidelity and affection. Two couples sent in claims. The Rev. Samuel Marriott Smith, Vicar of Harwell, Berks, and his wife, Caroline, and Mrs. James Gooey, clerk at Trinity church, Ventnor, and his wife. The former couple were unable to appear. Mr. and Mrs. Gooey were escorted from the station by the scene of trial by a band of music. The trial took place in the presence of about 3,000 people. The jury, composed of an equal number of bachelors and widowers, considered the answers satisfactorily, and awarded the fitch of bacon to the worthy couple, who were crowned with high plumes, where kneeling upon their knees, they took the ancient oath, and the fitch was handed to them amid cheering and the firing of cannon.

### SOUTH AND WEST.

Senator Sharon, in applying for the reduction in the valuation of his palace hotel, San Francisco, which was put at \$2,000,000, said that it was not paying, and was not likely to. It cost, he said, \$5,000,000, but labor and material were then high, and it could not be sold for half that sum.

Southern railroads reviewed by the Chicago Railway Age, August 3d. The railroad mileage is given in 1860, 1865, 1870 and 1875:

During the war the south built only four hundred and fifty miles. The sixteen thousand miles in the south now represent probably \$500,000,000, and the system of railroads in its infancy. The Railway Age concludes the people of the south are fully awake to the importance of increased facilities for transportation. The end of the next ten years will see a vast addition to the present railway mileage and a corresponding increase in wealth and prosperity throughout the garden region of the south.

News has been received by way of the Red-Cloud agency of the arrival of an Indian from the hostile camp, who says that Sitting Bull is fully prepared and eager to meet General Crook and Terry, or both combined, and feels confident of his ability to whip them. He further states that reinforcements are joining the hostiles daily from North and British America, and a few from Minnesota.

Reports received at the war department from Gen. Sheridan states that many of the Indians now coming into the reservations carry arms captured from the Beverly and late Custer massacres.

The July report to the national cotton exchange from eighteen counties in Middle Tennessee and ten of North Alabama shows more favorable stands comparatively to last year. The plant is forming and blooming well. Nearly all reply that cotton is fruiting better than last year, while a few complain of too much rain and a few complaints of grasshoppers.

A despatch from the Big Horn expedition, on Goose creek, via Fort Fetterman, says Gen. Merritt, with his forces, has joined Gen. Crook and they are now ready for aggressive action. This united column has over twenty-one hundred fighting men. Under the new organization, Merritt is the ranking officer of cavalry, and Col. Chambers commander of infantry. The entire column, with the pack-train, will move at once toward Tongue river with its three hundred pack-mules, one hundred and fifty thousand rounds of ammunition and twenty-five thousand rations, and force. This is the lightest marching condition. Men and horses are in the finest possible trim. Scout parties have discovered large fresh trails of Sioux leading toward the lower Tongue and Powder rivers. It is believed that the savages are in need of victims, as the picked carcasses of dogs are found around their camps. They have fired the prairies to ruin pasturage and render the cavalry useless. Gen. Terry has not been heard from for a month. He is believed to have nearly two thousand men.

**RAIL.**  
The debt of the city of New York, according to controller Green's monthly statement, published 4th instant, has risen to the gigantic figure of \$162,000,000. Increase in six months \$17,500,000.

Of the 15,000 unemployed New York working men to parade Thursday, and wait upon the mayor and board of aldermen to demand relief for their present necessities, only about seventy-five formed in line, and marched to the city hall, where about two thousand others soon gathered. In reply to an address of the workmen, the mayor said they had his hearty sympathy, but he had no power to give employment to any man.

**FOREIGN.**  
The ex-queen Isabella, who left Paris last week for Santander, means to make herself dear once more to Spain. Her son is putting the splendid palace of the Alcazar in Seville in order for her residence, and the changes and repairs she has insisted upon have already cost nearly \$100,000.

The Times considering the capture of Gurguzovats a severe, if not a fatal blow to the Servians, says the Turkish ministers must be solemnly warned that they will not be allowed to make cannon use of their victory. If they think that on the soil of Servia their troops may count one hundredth part of the atrocities perpetrated in Bulgaria, they are the victims of an infatuation. Nor will Turkey be allowed to make much use of her victory as to cancel Servian freedom, Servia is under the protection of the great powers, and with them will be the duty of imposing any needful restraint on the impetuous spirit of her people.

Stanley, under date of Lake Victoria, Uganda, July 29th, 1875, furnishes another chapter of his experiences in Africa, and relates the story of his fight with a band of savages, in which fourteen of them were killed and eight wounded.

The woman who attempted to kill prince Gortschakoff refuses to give any explanations of her motives for the act, but it is understood that she had certain grievances against Russia, and was unable to get justice.

It is reported that Disraeli is about to be raised to the house of lords, with the title of earl of Beaconsfield.

### MISCELLANEOUS.

Hallet Kilbourne has entered suit against the speaker of the house, sergeant-at-arms and members of the real estate pool committee, claiming \$100,000 damages for injuries sustained by reason of imprisonment without cause.

Pending the discussion Allison, from the conference committee on the river and harbor improvement bill, reported the report that the committee had agreed upon the bill, and it was ordered printed and laid over until to-morrow. The chair appointed the committee on the bill to authorize the secretary of the interior to deposit certain funds in the United States treasury in lieu of investing them.
